Colorado Fuel and Iron was again the weakest and most uncertain feature of the industrial list. It broke sharply after every fractional advance.

Sterling exchange was fairly steady at 4.8695 for demand and about 4.84 for 800-day bills. Wheat and cotton bills are in evidence, but were not plentiful. The firmer rate for call money, advancing to 6 per cent. is due to the position of local banks in their dealings with the Sub-Treasury.

There was no disposition on the part of the banks to hold out on the call borrowers and no evidences of stringency.

CURB MARKET STRONG.

Rock Island and Northern Securities Were the Leaders.

The outside market opened strong with Rock Island and Northern Securi ties the leaders. Rock Island sold up 41-2 per cent. to 50 in the initial deal-ings, and Northern Securities advanced over 1 per cent. to 112. Quotations for the active stocks were: Bid. Asked.

But little rain has fallen over much
the greater part of the cotton belt westward of the Mississippi River during the
past month, the last three weeks of
which have been excessively warm, the
week ending Sept. 1 being practically
rainless over the greater part of Louislana, portions of Arkansus and Oklahoma, and throughout Texas, with the
exception of a few light showers in the
north-central and northeastern portions,
the result of which, with the ravages
of insects, has been a steady deterioration.

If these persist in their intention, many of the strikers may return to work to-morrow.

Meetings were held at No. No. 320 East Seventy-third street, and No. 345 East Seventy-third street, and the situation was reviewed by many impromptu speakers.

"The battle may be ended before a week has gone by," said Mr. Gaillard, "because the feedling among the carpenters is unanimous, and New York cannot afford to have the construction of its buildings stopped. If the National Cabinet Association and the Interior Decoration Association sign the agreement, the minimum rate of wages for a carpenter will then be \$4.50 a day for outside men and \$3.78 for inside men."

Safe from Summer Complaints

All mammas, and papas too for that matter, dread the heat of summer with it's danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great death rate among children caused by the summer's heat. Yet it is

> mer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean.regular and in healthy working order in the hottest weather - CASCARETS Candy Cathartic. The plump, bouncing, crowing baby shown here is a CAS-CARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bed-time, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the
